vtech® Quick Start Guide

Important safety instructions

When using your telephone equipment, basic safety precautions should always be followed to reduce the risk of fire, electric shock and injury, including the following:

1. Read and understand all instructions.
2. Follow all warnings and instructions marked on the product.
3. Unplug this product from the wall outlet before cleaning. Do not use liquid or aerosol cleaners. Use a damp cloth for cleaning.
4. Do not use this product near water (for example, near a bath tub, kitchen sink, swimming pool).
5. Do not expose the telephone to direct sunlight or extreme cold environment. Do not put the telephone close to heating sources, such as radiators, cookers, heaters, etc.
6. Do not overload mains wall outlets and extension cords as this can result in the risk of fire or electric shock.
7. Unplug this product from the wall outlet and contact the retailer or our customer service representative under the following conditions:
 - When the power supply cord or plug is damaged or frayed.
 - If the product does not operate normally by following the operating instructions.
 - If the product has been dropped and the cabinet has been damaged.
 - If the product exhibits a distinct change in performance.
8. Avoid using a telephone (other than a cordless type) during an electrical storm. There may be a remote risk of electric shock from lightning.
9. Do not use the telephone to report a gas leak in the vicinity of the leak.
10. Use only the supplied NiMH (Nickel Metal Hydride) batteries. The handset talk and standby operating times stated only apply when using original fitment batteries. Batteries from other manufacturers or capacities may not achieve the times stated.
11. The use of other battery types or non-rechargeable batteries/primary cells can be dangerous. The manufacturer will not be held liable for damage or injury arising from using incorrect battery types.
12. Do not use third party charging cradles. The batteries may be damaged.
13. Please note the correct polarity while inserting the batteries.
14. Batteries must not be exposed to direct sunlight, fire or immersed in water.
15. The batteries cannot be subjected to high or low extreme temperature and low air pressure at high altitude during use, storage or transportation as this may result in an explosion or the leakage of flammable liquid or gas. Disposal of batteries into fire or a hot oven, or mechanically crushing or cutting them can also result in an explosion.
16. Use only adaptors and countries with recycling systems external power supply: VTech Telecommunications Limited. Model: VT05EEU06045 | VT05EUK06045; Jiangxi Jian Aohai Technology Co., Ltd. Disposal of Old Equipment and Batteries (WEEE)

Only for European Union and countries with recycling systems
These symbols (a, b) on the products, packaging, and/or accompanying documents mean that used electrical and electronic products and batteries must not be mixed with general household waste. For proper treatment, recovery and recycling of old products and batteries, please take them to applicable collection points in accordance with your national legislation.

By disposing of them correctly, you will help to save valuable resources and prevent any potential negative effects on human health and the environment. For more information about collection and recycling, please contact your local authority. Penalties may be applicable for incorrect disposal of this waste, in accordance with national legislation.

Product disposal instructions for business users

If you wish to discard electrical and electronic equipment, please contact your local authorities or dealer for further information.

Information on Disposal in other countries outside the European Union

These symbols (a, b) are only valid in the European Union. If you wish to discard these items, please contact your local authorities or dealer and ask for the correct method of disposal.

Note for the battery symbol

This symbol (b) might be used in combination with a chemical symbol. In this case it complies with the requirement set by the Directive for the chemical involved.

Recycle your device (WEEE directive 2012/19/EU)

The WEEE logo appears on the product to indicate that this product must not be disposed off or discarded with other household waste. You are responsible for the correct disposal of your electronic and electrical waste equipment in accordance with your local authority regulations on the recycling of hazardous waste.
